It is often said that students experience a semester's worth of spiritual growth during a week-long conference. That is just one of the many reasons I love that God has called me to serve with Cru's conference team! We are impacting lives for eternity. BUT, if a week-long conference is a semester's worth of spiritual growth, a summer mission trip is equal to a year's worth of spiritual growth in one summer! I know that was my experience after my first mission trip in college.

My first summer mission was to Miami, Florida, for 10 weeks the summer between my junior and senior years of college. That summer God opened my eyes to the brokenness people around me were experiencing and that the only answer for the brokenness was found in Jesus. He used that summer to change the trajectory of my life. It was a summer of investing in my walk with the Lord and investing in the lives of those around me. When I came back to Florida State that fall, I was more on fire for God and for others to know Him than I ever had been before.

This summer Cru is sending students and staff around the world to share the Gospel through summer mission trips. In light of our current COVID realities, some of these trips will be physically going, some digitally, and others a hybrid somewhere in between. No matter how these trips are practically happening, the Gospel is going forth and lives are being changed for eternity. ***Would you pray with me that God would already be preparing hearts for what He might do in the lives of those students who say "yes" to going?*** Thank you for your prayers and partnership in seeing the Great Commission fulfilled!
